- Reduce/create speed limit 30/40 through Corfton

Q4.3 Is your household aware of any other danger spots on the roads in the Parish? Please give details here

- Cars too fast on straight road by Sun
- No
- Prime danger spots are Mill Lane, Diddlebury and B4368 due to extensive speed on B4368 and B4368 at Pedlers Rest
- B4368 Pedlers Rest to Corfton
- Many of the calming measures are visual eyesores and would be out of place. The roads in the village prevent speeding anyway. Imposing a 20mph zone would not be observed by the people who are the problem. The main road from Diddlebury 30mph speed limit as far as the LH turn to Ludlow should be 50mph maximum. Problems in Diddlebury are associated with traffic speeding up to hit the straight (particularly motorbikes) which passes the Sun. This stretch of road has a series of turns at Corfton/Corfton Hall/Elsitch etc which are used by agricultural vehicles. There have been fatalities on the bends at Elsitch due to the speed through Corfton. This is very important NOW
- Road through Corfton - speed restrictions and double white lines essential to reduce dangerous speed of some traffic and overtaking at junction
- Doberman dogs at Corftons Batch danger to public and frightening walkers and locals alike to not walk past number 15! Owner of property at top of Corftons Batch has made it almost impossible for service vehicles to turn round at end of no through road which has always been turning point since 1950!
- Yes - Most people drive too fast. Motorbikes are a menace!

Q4.4 Which of these improvements to pedestrian, equestrian and motor traffic does your household think are important for the Parish? Please tick one box per row and if necessary please provide details or concerns in the comment box below

	<i>Essential</i>	<i>Desirable</i>	<i>Not necessary</i>	<i>Don't know</i>

- We live in the 'English countryside' so why can't we keep the villages and hamlets etc in context with each other, instead of building non-descript, boring houses, either large or small that are not kept in character for the appropriate area!
- Respect for local vernacular precedents walls, stone, roofs - clay tiles - cottage style construction
- Present planning control are adequate
- Design to fit with local design and materials
- Stone and clay tiles in keeping with other properties
- Appropriate local materials - in general I think existing control measures are fair and sensibly applied
- To be suitable in the environment
- No new development in unspoilt hamlets. Where development is allowed design and materials should blend with existing properties. Completed buildings should be stringently checked to ensure that planning regulations are not abused - this has happened in the past!
