

Green Futures - 2018 Seminars

Once again the Green Futures Team are working together to help farming businesses comply with cross compliance, environmental issues & legislation by organising seminars across the region. You are invited to attend a seminar in your area looking at:

- Cross compliance - including 2018 update and inspection issues.
- Basic Payment Scheme claim for 2018, Greening & EFAs
- Rural issues
- Updates on Catchment Sensitive Farming funding and advice for farmers on soil management and water protection
- News of the Countryside Stewardship Schemes in 2018
- New 'Farming Rules for Water' - EA will explain new regulations that will apply to all farmers in England from April 2018.
- *(Herefordshire Green Futures only)* The River Wye Nutrient Management Plan, and how farmers can get help through Farm Herefordshire.

The seminars will be run across the region. Please select your preferred choice.

These events are likely to be heavily subscribed so to book a place please contact

Herefordshire Rural Hub Tel: 01432 353465 or Email: bookings@herefordshireruralhub.co.uk

When phoning or emailing, please tell us the name(s) of those people wishing to attend, the event you wish to attend, and your contact telephone number & address

or return the attached booking form by post as soon as possible.

The Green Futures delivery team have been working together since 2005 with the aim to keep farmers up to date on issues related to cross compliance and changes in rules and regulations.

We will run our regular programme in 2018 and we will endeavour to work together in our existing partnership to keep you informed and to guide you through the changes and updates.

**A clear solution
for farmers**
CATCHMENT SENSITIVE FARMING

If you need support or help along the way please contact Herefordshire Rural Hub, in the first instance, and you will be directed to the appropriate partner.
